## NORWAY AND VICINITY.

The Sweet Corn Planting Situation. The Oxford Pomona Grange at its meeting at Bryant Pond overwhelmingly voted to insist upon getting 2 1/2 per pound for sweet corn this year. The agitation for an increase in price has been on for some time. The packers have increased the price 1/2 per pound, making it 2 1/2 per pound. The factory at Bryant Pond and Buckfield have secured their acreage.

The Portland Packing Co., have their full acreage at their 13 factories also the H. C. Baxter Co., for several factories and outside of some Oxford county factories have more acreage pledged than last season. This demand for increase is caused principally by the fact that the section of the State and the cause has been warmly espoused by some members of the Norway Grange.

The H. F. Webb Co., say they cannot pay the price and shall close the factory here unless a sufficient amount of acreage is secured at 2 1/2 per pound for operation, saying they can fill their orders at their other factories which are willing to sell at the established price. The farmers hold out and the factory not be run is well near a loss of somewhere from \$20,000 to \$25,000 to this town.

We hope the corn raiser and the packer can get together and a big crop of corn be raised this season.

Mrs. H. J. Bangs was home from Yarmouth for the day, Wednesday. Mildred, who is sick there, is gaining slowly.

Leslie Frost, the two-year old son of Mr. and Mrs. Herbert P. Frost, died at 10 o'clock, Tuesday night, after a short illness from pneumonia.

Roland Crockett, the little son of Mr. and Mrs. Levi Crockett, is sick. A short time ago the child went to the hospital for treatment.

The election of officers at the annual voyage of the Ark Mariners No. 1, resulted as follows:

Venerable Patriarch—H. F. Andrews. Ark Master—W. S. Cordwell. Ark Mate—Emmett Russell. Sec.—M. L. Kimball. Treas.—James N. Faxon.

Obituary. A 16 months old son of Bernard K. and Gertrude M. Mallett, died of pneumonia at their home in Providence, R. I., Jan. 27th. Services at the house at 1 p. m., Friday, after which he was taken to Norway for burial in Pine Grove cemetery.

The annual apron sale and supper of the Norway W. C. T. U., will be held Feb. 16th. There will be an entertainment in the evening. Much charity work has been done by the Union this year and the treasury is getting low. It is hoped the public will generously patronize this sale and supper and thus help a good cause.

The 7th annual Calico Ball, given under the auspices of the Veranda club, Thursday evening, Feb. 17th. Music by Stearns' orchestra. Floor manager, John P. Gullman; aids, Alton Curtis, Wallace Sheen and Robert Bickford. All seats in the gallery reserved and on sale at Stone's, commencing Monday evening, Feb. 14th.

One of our smart old ladies thought she would get up in good season, Monday morning, and have her washing out as soon as some of the younger ones. She put her hat where it could be easily seen but somehow she did not look at the watch when she arose, but did the washing and then looked at the watch and it was two o'clock in the morning.

Harry Greenleaf finished buying apples last week. He has been buying for H. K. Whittemore of Auburn and shipping to the Liverpool market. He has shipped from Norway 16 carloads and four carloads from West Paris. 170 is the average number of barrels per car. This would make about 3500 barrels of apples. The price paid was \$2.00 per barrel. Mr. Greenleaf had 200 barrels of apples from his farm.

The good mare Kit, raised and owned by Harry F. Greenleaf, recently died at the age of 23 years. She was driven from Norway in good health. On arriving home she showed symptoms of colic and was doctored for it, but died the next day. This has been one of the best road horses in this section, and it has been said that she was driven from Northwest Norway to Norway, a distance of nearly nine miles, in 35 minutes. Kit was after H. M. Fiske's General Garfield, who was the sire of many good horses in this section.

A party from Norway made up of the clerks at Smiley's store and a few invited guests took a sleigh ride to Watford, Sunday, and took dinner at the Lake House with the clerks from the Smiley store at Bridgton. The party enjoyed a very pleasant sleigh ride and a fine dinner. Those in the party included Arthur Cole, Arthur Easton, Miss Whitcomb and the Misses Taylor from Bridgton, and Jennie Baker, Margaret Baker, Fannie Boynton, Christie Hatch, Laurette Nevers, Emma Abbott, Tessa Thibodeau, Carl Boynton, Allie Buck and Howard Maxim of Norway.

## The Clerks' Ball.

16th Annual Given at the Opera House. It was a beautiful evening, the evening of February first, when the great social event of the season took place at the Norway Opera House. This was the Clerks' 16th Annual ball, and was one of the best that the Clerks' Association has yet given.

The decorations, which is one of the principal features to many, especially to those who do not dance but occupy the gallery seats, were simply beautiful. The colors used were dainty pink, green and white, and made a handsome combination. Fred Cummings of Norway, did the decorating, assisted by the clerks.

The stage was trimmed overhead with long streamers of white fringed tissue paper and silver tinsel trimmings fastened to a large star in the center of the stage. Overhead in the foreground of the stage, tulleed hoops, with white stars in the center formed a handsome decoration, with two large hanging urns of flowers. On the stage where the orchestra was seated, the flowers and orchids were placed along the front of the stage, in front of a fancy little rustic fence which separated the musicians from the dancers. Around the outside of the stage was a lattice work of alternating tinsel and crepe paper and in the two corners of the stage overhead, were white shields with the dates 1895, 1910, and in the center shield the word "Clerks."

Along the three sides of the hall, both above and below the gallery were long white streamers caught at intervals with bouquets of orchids, and along here were also placed silver shields trimmed with fringed tissue, containing the initials of the different firms in town. The chandelier in the center of the hall was decorated with pink, white and green, and a large white frame work to which were centered streamers from the galleries, two from each supporter. Around the front of the gallery were streamers and bouquets of orchids. The electric lights were all shaded with pink and white crepe paper.

Tables were at the right and left of the stage where orange punch was served. Above the tables were white canopies made of streamers and fancy ornaments.

The seats in the gallery were filled long before the hour for dancing arrived and at about 8:45 Stearns' orchestra assisted by talent from Lewiston, Rumford and Paris started up the music for the grand march, which was led by the floor manager, G. L. Curtis, and wife followed by the aids—Carl W. Boynton and Fannie Boynton, Mr. and Mrs. Lester Ashton, Carl Harmon and Lona Noble, Mr. and Mrs. W. L. Hunkins, Mr. and Mrs. L. J. Brooks, and Mr. and Mrs. Fred E. Smith. There were over 100 couples on the floor for the grand march.

The Clerks' ball is regarded as the event of the season and certainly this year it was a record breaker in many ways. There was the largest number present this year, and the large crowd in both gallery and floor together with the beautiful decorations and the fine music made this event long to be remembered by those present.

Punch was served during the evening by Ruth Akers, Mildred Curtis, Irene Locke and Philip Young.

The officers to whom much credit is due for the success of the ball were: President, Eugene O. Russell; vice president, Homer D. Tubbs; secretary and treasurer, Fred D. Smith; and the chairman of committees were: general committee, Stuart W. Goodwin; music, Lester Ashton; decorating, Carl W. Boynton; refreshments, Albert C. Fogg.

There were twenty dances on the order and it was far along in the early hours of the morning when the dancers left for home.

## Browning Reading Club.

One of the most pleasant evenings which the Browning Reading Club has yet enjoyed, was spent at the home of Mrs. Leona Andrews on Paris street, last Monday evening, when twenty-seven members of the club were present. Each one found her place at the table by means of a pretty hand painted note book which served a double purpose. Another very pretty feature of the dining table, was the handsome hand painted oblong in which the supper was served, which was the work of the hostess.

Menu. Cold Ham Mashed Potato Cold Pork Lobster Salmon Green Peas Spiced Jelly Salads Cheese Balls Whipped Cream and Caramel Pies Balls Pineapple Ice Cream Assorted White Coffee

Each lady represented the title of some book, and following the supper each guessed the book the others represented, and recorded them in their note books, which made a doubly interesting souvenir of the occasion. This was one of the social events which will long be remembered by the club, as each one says: "It was the best time we have ever had."

The next meeting in the club will be with Mrs. James Danforth next Monday evening.

## Temperance Meeting.

The union temperance meeting at the Methodist church, Sunday afternoon, was well attended. Rev. Mr. Wentworth presided and gave the Scripture reading. Rev. Mr. Ward offered prayer. Rev. Mr. Wentworth was sick and not able to be present.

The singing by the fifth grade scholars conducted by Miss Washburn was especially good. Mr. Wentworth, Mr. Ward and Superintendent L. M. Felch made the closing prayer.

Mr. Felch said that as long as he is superintendent there shall be temperance teaching in the public schools. He believes the teachers can do much good by emphasizing the temperance truths at the right time and in the right way. Remarks were also made by Charles F. Whitman, who is candidate for re-nomination for clerk of courts of Oxford county.

The store windows are now gay with valentines. Josie Prescott has been confined to the house this week by illness.

Mrs. Etta G. Harnden has been very sick with congestion of the lungs. Mrs. Herriek C. Davis suffered a severe paralytic shock early Sunday morning.

Mrs. Lizzie Richardson, widow of the late Columbus Richardson, has been allowed a pension of \$12 a month.

Mr. and Mrs. William H. Motley of Auburn visited Mr. and Mrs. John Woodman at the Beal's Hotel the past week.

Lewis C. Allard of Freedom, N. H., returned to his home, Tuesday, after spending a week with his brother, Jesse Allard.

Mrs. F. L. Starbird fell down two flights of stairs last week, and while no bones were broken she was badly bruised and shaken up.

William A. Taylor of New York city has been here the past week on account of the serious illness of his brother, Frank Taylor.

C. E. Holt's health is much better this winter than for a long time. He is at his law office every day unless the weather is unusually severe.

Mrs. Eva Day, who has been visiting her brother and family in West Sumner, has returned to her home on Summer street very much improved in health.

There will be a meeting of the Norway Base Ball association, Friday evening, Feb. 4th, at Cook's barber shop. All the members should attend, and all interested in the game should bring a ball team for this season are invited to come.

W. A. Wentworth, formerly of Norway, is very sick with pneumonia at his mother's home in Haverhill, Mass. His wife, who is an excellent nurse in sickness, is doing her best to bring him through.

H. B. Hammond of Lewiston, who learned the tinmith trade of Wm. C. Leavitt Co., attended the Clerks' ball accompanied by a lady from that city. Mr. Hammond works at his trade for Bush & Oliver and has a good job.

William H. Motley, recently in company with his brother-in-law, proprietors of the Andrews' House at South Paris, and for several years clerk at the Beal's Hotel, has accepted the position of day clerk at the New Elm House at Auburn.

The Bruinutes entertained Mr. and Mrs. Fred Cummings a week ago Friday evening, instead of Mr. and Mrs. Cummings entertaining the Bruinutes, as was reported. Mr. and Mrs. Cummings were presented with 12 very handsome pieces of China, by the Bruinutes.

Reverend L. Swift has been promoted to the New York office of the Automobile Refrigerator Co., of Hartford, Conn. He has been with this company for some time with headquarters at Hartford. He now has charge of their New York office, a considerable increase in salary. Swift is a graduate of the Maine University and is making good.

T. B. Choate and O. S. Piper of Meredith, N. H., were in town last Monday night and stopped at the Beal's Hotel. They came here to get medicine and be treated by a physician whose fame has spread over more than a single state. They were here three more days, were treated and got medicine, hence their return. Mr. Choate has been a market man and provision dealer at Meredith since he was a graduate of the University of Oxford county, located at Fryeburg. Mr. Phillips now lives at Alexandria, N. H. Messrs. Choate and Piper say they have received a positive benefit from their last three months' treatment and are to continue it for the next three months. The distance from Meredith to the Fair Grounds as shown by the auto last fall was 79-8-10 miles.

## Universalist Notes.

Last Sunday was observed at the Universalist church as Young People's Day. The church was artistically decorated with the colors of the Y. P. C. U., which are white and blue. At the morning service the following members of the Y. P. C. U. took part in a most earnest and prayerworthy manner:

Invocation and psalm—Berl Knight. Scripture lesson—Geneva Sturtevant. Prayer—Gladys Buck. Hymn and verses—Dorothy Denforth. Address, "The Young People's Union"—Susie Walker. "Christian"—Roland Kimball. "Union"—Harold Adams. Offering—In charge of Lucie Barrows. Benediction—Pastor.

The ushers were Albert Snow and Hugh Bethell.

At seven o'clock the Junior and the Senior Y. P. C. U. united in a service. The Juniors conducted the first part of the devotional meeting with Doris Longley as leader. Then there was a graduation service and the following graduated from the Junior into the Senior Union: Ernest Ham, Ruth Cummings, Mrs. Cordwell, Mildred Curtis, Floyd Laskell, Richard Stiles, Harry Laskell, Mildred Stiles.

After this the Senior Y. P. C. U. conducted a devotional service with Lucie Barrows as leader.

The Universalist Mission Circle will meet Wednesday Feb. 9, with Mrs. M. C. Ward at 3 p. m.

Mrs. Winfield S. Cordwell. Mrs. Nancy Eliot Cordwell died at her home on Main street, Norway, Monday, Jan. 31st.

The immediate cause of her death was pneumonia, though she had been an invalid for a number of years and confined to her room much of the time. A few years ago she was very ill and at that time Mr. and Mrs. John Sampson went to live with Mr. and Mrs. Cordwell. Mrs. Sampson, assisted by nurses when she could give, has given her the best of care. Her husband has given her untiring attention.

Mrs. Cordwell was born in Greenwood, Nov. 12, 1838, the daughter of Isaac and Sarah Young. She attended school in Greenwood, and Oct. 25th, 1870, she married Winfield S. Cordwell. They lived in Greenwood till 1892, when they bought a home on Maple street. Her aunt, Mrs. Mary Stevens, who died a few years ago, gave Mrs. Cordwell her residence on Main street, and Mr. and Mrs. Cordwell have since lived there.

The funeral was from her late residence, Tuesday, Feb. 3d, Rev. M. C. Ward being the attending clergyman. Mrs. Cordwell requested that the funeral be private and asked for her friends not to bring flowers. The bearers were G. O. Fogg, E. E. Young, T. L. Heath and L. A. Millett. The body was placed in the receiving tomb.

Frank R. Taylor. Frank Rhodes Taylor died Thursday morning, Feb. 3, at the age of about 57 years, after an illness of several weeks.

Mr. Taylor was born in Pittsfield, Mass., and was the son of Mr. and Mrs. Frank Taylor. He afterward moved to Brooklyn, N. Y. He lived at Andover for five years and has lived in Norway most of the time for the past twenty years. He was never married. While here he has made his home at different places during the winter and has spent the summers for a number of years at his residence on Cottage street.

He did not engage in any active business. For several years he held the office of election clerk. In lodge associations he was an Elk, and in politics a Democrat.

The funeral will be held from Frank Briggs' residence on Cottage street, where Mr. Taylor has lived for several years, Friday at 2 o'clock p. m. The burial will take place in Brooklyn, N. Y.

The W. C. T. U. The Oxford County Woman's Christian Temperance Union held an institute in G. A. R. hall, Norway, Feb. 2. Mrs. E. A. G. Stickney, the county president, presided at the institute, but Mrs. Susie Chapman, vice-president-at-large, presided in a most excellent manner.

The morning session opened with singing. Mrs. McWhorter of South Paris read a chapter from the Bible, and several ladies offered an earnest prayer for blessings on the work. Messages to the Omaha convention from Mrs. Katherine Lante Stevenson, Wagonville, New Zealand, and Miss Elina Grace Gowen, Buenos Ayres, Argentina, were read by Mrs. Barnes of Norway.

Mrs. Tubbs of Norway read an article on "Wearing the White Ribbon." Mrs. Ordway of South Paris read of "The Social Settlement Work in Boston," and Mrs. McWhorter gave incidents of her personal relations with the settlement.

Noontide prayer was offered by Mrs. Ordway, after which the ladies sat down to an excellent lunch of sandwiches, cakes, pastry and hot coffee prepared by the Norway ladies.

The afternoon session was most interesting and profitable. Work among the children was taken up and discussed by Mrs. Barnes, Mrs. McWhorter and others. Examples of patent medicine frauds were brought up by the president and earnestly discussed by all. The Flagman of Norway gave a talk on the "Young Woman's Work," which was most interesting and suggestive of good practical work.

Ways and means of replenishing the treasury were discussed by Mrs. Clifford of South Paris and others.

The session closed with singing of "Blest Be the Tie That Binds" and the members separated feeling that a most profitable day had been greatly enjoyed by all.

Methodist Church Items. A large congregation was present last Sunday evening when the pastor spoke on Conscience and Memory. Next Sunday evening the subject will be, Can Men Enter Heaven without the New Birth?

The Ladies' Aid society will hold a social in the vestry this evening. Lunch will be served at 6.30 and a silver collection will be taken followed by a literary and musical entertainment.

Forty-three from Norway Grange attended Pomona at Bryant's Pond, Tuesday. The cars were so crowded there was hardly standing room. Franklin Grange furnished a good dinner to a big crowd.

Victor Partridge is working in the shoe factory.

Hubert Barker, who has been very ill with pneumonia, is better.

Harry Glidden has had a telephone put into his residence on Crescent street.

Roscoe Frost and family spent Sunday with his father's folks at Frost Corner.

Harry Glidden came up from Auburn, Saturday, and spent Sunday with his family.

Rev. O. L. Stone occupied the pulpit at the Baptist church, South Paris, last Sunday.

Judge H. E. Davis met with a very painful accident last Tuesday by falling in the woods.

Dr. H. P. Jones was the recipient of a fine golden oak chair from one of his patients recently.

Superintendent George F. Hathaway has been appointed collector by the directors of the Norway Water Co.

Alonso Dunham of Hebron preached at the Congregational church last Sunday, in the absence of the pastor, Rev. B. S. Rideout, who was ill.

The W. C. T. U. will meet next Tuesday afternoon, Feb. 8th, at 2.30 with Mrs. Lizzie Andrews on Main street. The subject of the meeting will be Frances E. Willard memorial.

Noble's Corner. William Meserve is helping Upton and White out wood on the Herlick lot.

Quite a number from this place attended Pomona at Bryant Pond, Tuesday.

Harrison Hunt is so as to be out of doors after a week's sickness with the grip.

There will be a social dance at Cole's hall, North Norway, Saturday evening, Feb. 5.

Guy Curtis and Frank Packard are hauling timber from the Hayes place in Greenwood to Partridge Bros' mill.

There will be an entertainment and box supper at the Noble's corner schoolhouse, Friday night, Feb. 4. Every lady please bring a box.

Woodbury Russell dressed two pigs for Olin Upton last Tuesday, that weighed about 300 pounds apiece. He will get 11c a pound instead of 12c as he expected to some time ago for them.

SOUTH PARIS. Campfire at G. A. R. Hall.

The campfire, Saturday, given by the Grand Army organizations was well attended in spite of the bad weather, a number being present from Norway, Oxford, Sumner and Bethel. The tables were set twice and filled each time. The afternoon exercises were held in New hall. Department Commander A. W. McCausland of the Department of Maine of Gardiner was the principal speaker. Remarks were also made by C. T. Wardwell of Oxford, A. M. True of Bethel and Hon. James S. Wright of South Paris. A. E. Morse read several selections and Frank Pike, Mrs. Wilson and Mrs. Eva Willis of Norway sang several selections. Mr. McCausland said in part:

"Children are not taught at home about the war. Four things every veteran should teach his children and grandchildren so that the records cannot be lost, namely: 'When he was mustered in; when he was mustered out; how many battles he was in; in what battles he participated. Few people ever know in what state the battle of Gettysburg was fought.'

Discussing the high cost of living, Mr. McCausland said: "The high cost of living really means the cost of living high."

"It costs the city of Gardiner some \$80 per day to deliver groceries. The women don't like to be seen on the street carrying home a can of oil and a peck of potatoes. The men won't carry home so the goods have to be delivered and the people have to pay extra to have it done. Living is not so high now as it was at the close of the war, when sugar was 15 cents a pound against 8 1/2 cents now; kerosene was 50 cents while now

### GOOD NEWS.

Many Norway Readers Have Heard It  
and Profited Thereby.

"Good news travels fast," and the thousands of bad back sufferers in Norway are glad to learn that prompt relief is within their reach. Many a lame, weak and aching back is bad no more, thanks to Doan's Kidney Pills. Thousands upon thousands of people are telling the good news of their experience with the Old Quaker Remedy. Here is an example worth reading:

H. H. Gammon, Main St., South Paris, Me., says: "I have used Doan's Kidney Pills, and have not the slightest hesitation in giving my name as an endorser of them. Doan's Kidney Pills cured me in a short time of a severe attack of backache and a soreness across my kidneys. I advise other persons who are in need of a kidney remedy to give Doan's Kidney Pills a trial."

For sale by all dealers. Price 50 cts.

### Maine.

Of Switzerland's highland scenery  
You tell me marvelous tales;  
Yet, Maine has scenery just as grand  
Among her hills and vales.  
You speak of the Blue Danube,  
Or "Castle bordered Rhine."  
Are they more beautiful, I pray,  
Than ours that flow through pine?  
Why talk of Lake Killarney,  
Magdore or Como,  
As picturesque, I know.  
You tell me of the redwoods  
On Pacific's coastal plain;  
But they are not one bit more grand  
Than pine trees of old Maine.  
You're quibbling the snowy Alpine heights,  
The Edelweiss to gain;  
Tell me, is it sweeter far  
Than the Egmonts of Maine?  
Niagara's foaming cataract  
Leaps down with thunderous roar;  
Have you heard old ocean beat,  
Upon our rock-bound shore?  
Two thousand miles of sea coast,  
Stretches out our verdant bent;  
A vast and mighty pleasure ground  
To us from God is lent.  
I read in your poetry  
Of the Emerald Isle sublime;  
Why, Maine has hundreds just as green,  
Of true and better shore-line.  
Italian skies and sunsets  
In coloring grow quite tame,  
When the sun goes down in Maine.  
You cross the sea to distant lands,  
To find the fairest of the day;  
An old gray farmhouse dower in Maine  
Is good enough for me.  
And so you travel east and south,  
You travel east and west,  
In search of beauties rich and rare,  
While those at home are best.

**The Snow Bird.**  
The ground was all covered with snow one  
day.  
And two little children were busy at play.  
When a snow bird was seen flying by on a  
tree.  
And went merrily singing his chickadee-chick-  
adee.  
Chorus.  
Chickadee, chickadee.  
The ground was all covered with snow one  
day.  
He had not been singing that tune very long.  
Ere Emily heard him, so loud was his song;  
"Oh, sister! Look out of the window," said  
she.  
Here's a dear little bird singing his chickadee-  
chickadee.  
"Poor fellow, he walks in the snow and the  
frost,  
And he neither stockings or shoes on his feet;  
I pity him so, for how cold he must be.  
And yet he keeps singing his chickadee-dee.  
Here where you see the inmates sitting  
about in listless fashion, often complain-  
ing they do not feel as well as they  
should, that their heads ache, and the  
like.  
If proof of the carelessness of human-  
ity in the matter of fresh air is needed,  
all that is necessary is to go into some  
house where you see the inmates sitting  
about in listless fashion, often complain-  
ing they do not feel as well as they  
should, that their heads ache, and the  
like.  
Analyze conditions. They are the  
forbearers of results. You will find, al-  
most always, that the house in question  
is poorly ventilated, that no attention is  
paid to seeing that there is a judicious  
supply of air in the sleeping rooms, that  
at night, when the family gathers in the  
living-room, everyone is permitted to  
breathe the same air over and over again,  
all impregnated with unpleasant germs  
that the bodies have thrown off through  
the breath.  
Did you ever notice how stuffy the  
day coach of a railroad train becomes,  
where she stops are few and the train-  
men do not give the ventilators much  
attention? It is because the passengers  
are breathing the same air over and over  
again, the time that the  
stuffy feeling is felt.  
All the bad air in the home is so un-  
necessary it seems a pity anyone should  
endure it. The secret is, be certain  
that fresh air in moderation is admitted  
at regular intervals. If your home is  
not well ventilated be certain you will  
feel the cold much more all winter.  
This does not mean that a cold and  
draughty house is healthy. That is the  
other and most unwise extreme.  
If you happen to have a hot-air fur-  
nace watch the regulator in the cold-air  
box. That has much, in winter, to  
do with the condition of the air, because,  
if you give the air that comes through  
the furnace pipes a chance to be pure it  
means that all the warm air that comes  
up through the registers will be healthy.  
At night, let plenty of air come into  
the bedroom—direct if possible. If you  
keep the bedclothes over you, an air cur-  
rent will never bother you, and how much  
better you will feel in the morning, after  
inhaling pure air all night. This is the  
reason why persons with weak lungs are  
advised to sleep out-of-doors. They can-  
not get enough air in the bedroom to  
build up the defective tissues as rapidly  
as desired, and, again, the chances are  
that the person who sleeps in a bed-  
room will, if sick, be defrauded out of  
his share of fresh air by some well-  
meaning but ignorant member of the  
family who worships at the shrine of the  
too much air bugaboo.  
The reason we catch cold by sitting  
where fresh air is freely admitted is that  
we are not protected against the expo-  
sure. In bed we have the protection,  
and we do not need to worry about too  
much air as long as we are well pro-  
tected.  
If it is uncomfortable for a person to  
sleep in a well aired room, cultivate the  
hot-water bottle at the feet. Better a  
little artificial heat than foul air. Every  
day and all day see that the air in the  
room in which you are is changed often  
enough to prevent its becoming poison-  
ous. Fresh air, like medicine, if taken  
judiciously, is our best friend.

**Organization of Seed**  
Improvement Association  
By Maine Farmers.  
The proposed Seed Improvement As-  
sociation for Maine was organized in the  
city of Waterville, Jan. 25, with a char-  
ter membership of about 100, 50 of  
which were present and the remainder  
not being able to attend the meeting  
wrote, asking to be enrolled as charter  
members.  
Following a brief outline of the pro-  
posed work, a committee consisting of  
Prof. E. F. Hitchhugs of Waterville, E. A.  
Rogers of Brunswick and Hon. C. L.  
Jones of Orono, were appointed by tem-  
porary chairman W. G. Hutton as a  
nominating committee. The following  
officers were nominated and duly elected:  
Pres.—W. G. Hutton, Readfield.  
V. Pres.—John Pease, Cornish.  
Sec.—S. Merrill, Augusta.  
Treas.—Charles White, Bowdoinham.  
Exec. Com.—George W. Moore, Orono.  
A. P. Hovey, Palmyra; George W. Moore,  
Presque Isle; E. E. Addison, Frank  
fort; Farmington; C. S. McIntire, East  
Waterford.  
After a discussion by the members  
upon what seed it was deemed advisable  
to take up for improvement, a canvass  
of the members as to the crop each was  
most interested in was made and it was  
decided that corn, oats and potatoes  
were the principal crops to be im-  
proved.  
Instances as to what this work might  
mean to the State were cited by Com-  
missioner A. W. Gilman whose experi-  
ence was that plots of potatoes planted  
with selected seed yielded one-third  
more than those planted with unselected  
seed. E. A. Rogers stated that he got  
an increase of 100 bushels of potatoes  
more per acre from an acre of land  
planted with selected seed which he had  
obtained by marking the best hills and  
keeping the culls of those for seed.  
The first year of the work will be  
principally the location of the best  
varieties of seed in the state and the  
localities to which they are best adapted.  
Careful field selection among the best  
varieties will afford a better foundation  
upon which to work with opportunities  
for breeding by those who desire it.  
The legislature of Maine has appro-  
priated a sum of money for the im-  
provement of the crops in Maine and  
instructed the Department of Agri-  
culture to take up the work. The De-  
partment has the co-operation of re-  
presentatives of the Agricultural College  
Experiment Station and E. A. Stan-  
ford of the U. S. Department and in  
pursuance of this work has engaged the  
services of A. S. Cook who will re-  
present the Department in the field.  
Details of the meeting and the Con-  
stitution and By-laws will be forwarded  
to persons interested in crop im-  
provement upon application to the Secretary,  
Leon S. Merrill, Augusta, or A. S. Cook,  
Assistant Dairy Instructor, in charge of  
field work, Seed Improvement Division.

Charles Hamilton has presented to the  
Hannibal Hamilton school of Bangor,  
formerly the Union Square grammar  
school, a large portrait of his father,  
Hannibal Hamilton. The portrait has  
been given by the school board, and  
will be hung in the main hall, in the  
lower corridor of the school building.  
The school was recently named in  
honor of former Vice-President Hamilton  
by order of the city government and  
with the approval of the school board.  
At the same time the Palm Street  
grammar school was named Abraham  
Lincoln school.

**Enjoy Fresh Air Wisely.**  
Common sense ought to be used in the  
taking of fresh air just as much as in  
person gorges himself at irregular inter-  
vals and calls that proper eating. Nor  
does he take all his food at once, but  
stretches the rest of the day. The  
stomach will not endure such treatment  
without exacting reprisals that cause  
any amount of physical suffering.  
Fresh air is just as essential as food.  
We cannot live any great length of time  
without it unless we are willing to take  
the illness that constitutes the conse-  
quences.  
If proof of the carelessness of human-  
ity in the matter of fresh air is needed,  
all that is necessary is to go into some  
house where you see the inmates sitting

**Coughs and Colds.**  
Catarrh, Croup and Sore Throat Cured by  
Hymel.

The germs of catarrh cannot exist in  
the same atmosphere with antiseptic  
Hymel (pronounced High-o-mel).  
Breathe Hymel and relief from cat-  
arrh, coughs, sore throat or cold will  
come in two minutes.  
Breathe Hymel and that stomach  
straining hawking in the morning will  
quickly disappear.  
Breathe Hymel and kill the catarrh  
germs; heal the inflamed membrane,  
stop the discharge of mucus and pre-  
vent cramps from forming in the nose.  
Breathe Hymel for a few minutes  
each day and forever rid yourself of  
contemptible catarrh.  
Breathe Hymel—give it a faithful  
trial and then, if you are not satisfied,  
you can have your money back.  
Hymel is sold by druggists every-  
where and by Frank Kimball, Proprietor  
of the Noyes drug store. A com-  
plete outfit costs but \$1.00 and consists  
of a hard rubber inhaler that will last for  
years, one bottle of Hymel and full in-  
structions for use. In a second bottle of  
Hymel you can get an extra bottle of  
Hymel inhalant for 50 cents.

# Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

Weak and unhealthy kidneys are re-  
sponsible for much sickness and suffering,  
therefore, if kidney  
trouble is permitted to  
continue, serious re-  
sults are most likely  
to follow. Your other  
organs may need at-  
tention, but your kid-  
neys most, because  
they do most, and  
should have attention  
first. Therefore, when  
your kidneys are weak or out of order,  
you can understand how quickly your en-  
tire body is affected and how every organ  
seems to fail to do its duty.

If you are sick or "feel badly," begin  
taking the great kidney remedy, Dr.  
Kilmer's Swamp-Root. A trial will con-  
vince you of its great merit.

The mild and immediate effect of  
Swamp-Root, the great kidney and  
bladder remedy, is soon realized. It  
stands the highest because its remarkable  
health restoring properties have been  
proven in thousands of the most distress-  
ing cases. If you need a medicine you  
should have the best.

Sold by druggists in  
fifty-cent and one-dol-  
lar sizes. You may  
have a sample bottle  
by mail free, also a  
pamphlet telling you  
how to find out if  
you have kidney or  
bladder trouble. Mention this paper  
when writing to Dr. Kilmer & Co.,  
Binghamton, N. Y. Don't make any mis-  
take, but remember the name, Swamp-  
Root, and don't let a dealer sell you  
something in place of Swamp-Root—if  
you do you will be disappointed.

# In Southern California.

Lakeside, San Diego, Co., Calif., Jan.  
28, 1910.

**EDITOR ADVERTISER:**—I am speeding  
a quiet Sabbath upon a lovely highway  
in Southern California. I am stopping  
for a few days with friends whose  
former homes were in South Bridgton, who  
are here for their health and are living in  
a great house. Many orange and lemon  
groves with their golden fruits and  
peach, apricot and olive orchards are  
scattered over the narrow valley while  
just beyond the foothills, rising to a  
height of 1500 to 2000 feet and attuned  
to their very top with great boulders  
are all around. But as I was to give a  
short sketch of my trip from South Da-  
kota to Colorado I will leave a descrip-  
tion of my present visit to San Diego  
for another letter.

On Saturday morning Dec. 3, in com-  
pany with my sister, Miss A. Hubbard  
and her son Henry, formerly of West  
Fryeburg, I left Bailey, South Dakota,  
in a raging snow storm and started on  
my journey of almost 3200 miles to Los  
Angeles, Calif.

At Sioux City Iowa, owing to the  
storm we missed our train and had to lay  
over for six hours. We arrived at Con-  
cord Bluffs, Iowa, near midnight, where  
we stayed over night at the Hotel Depot.  
The next morning with the storm still  
raging we made our coast sleepers from  
St. Paul and thought our troubles  
all over as this car was to take us to La.  
without a change of cars. As we  
continued on down the Missouri river  
towards Kansas City, Mo., the snow  
changed to sleet, and every twig  
and tree was covered with glittering ice.  
We arrived at Kansas City on Sunday  
afternoon and our train was due to leave  
at about 6 p. m. but did not leave until  
three hours later. Just before starting  
the tourist car is built along the  
same lines as the pulman, but cheaper  
and the charge made only one half that  
of the pulman. In our car there were  
16 lower double bunks, and the same  
number of uppers. In one end was a  
large range where baking can be done,  
coffee made, etc. Monday morning  
found us in Western Kansas. It was  
cold and windy and two or three inches  
of snow upon the ground at Trinidad,  
Col. We saw some fine mountain scenery  
as we slowly went through three monster  
cascades, climbed the steep grades through  
the mountain passes of that section.

The railroad follows closely the old  
Santa Fe trail over which the forty-niners  
traveled for many years in their rush for  
the golden treasures of California. Here  
banded together for protection against  
the savage Red man, large caravans  
toiled for months across the plains, over  
the mountains and through the moun-  
tain passes of Kansas, New Mexico,  
Arizona and at last down into the valleys  
of California, where the glittering gold  
was found. It must have been men of  
iron nerve and Yankee grit who first  
blazed the way from St. Louis to the  
gold fields of California, men like Fre-  
derick and Kit Carson, who by their  
energy and daring laid the foundation  
that brought this vast empire under the  
sway of the stars and stripes.

About midnight Monday night we  
passed through Albuquerque, N. M., a  
city of about 10,000 population, and all  
day long we traveled over the plains of  
New Mexico and Arizona. But for the  
winter rains this vast t. of country  
would be one vast desert waste. The  
land is practically all covered with sage  
brush, a small stunted specie of pine,  
called the Pinon pine, covers many  
thousands of acres, while on the higher  
elevations there are some fine groves of  
large hard pine-trees. At Williams,  
Arizona, there is a very large saw mill  
located. The logs are hauled from the  
near by mountains by a private railroad  
owned by the lumber company.

At Williams the Santa Fe has built  
a branch line to the famous Grand Can-  
yon of the Colorado in Arizona, said to  
be the greatest natural wonder of the  
world. On my trip east from Colorado  
five years ago, I visited this wonderful  
gorge, 200 miles long, 13 miles wide and  
1 mile deep, and at an extra expense  
of \$15 saw by far the most wonderful sight  
that I have ever seen. In the valleys  
where water can be stored or pumped  
the soil is wonderfully productive, but a  
very large proportion of the land can  
never be reached by irrigator and must  
always remain a grazing country, and  
millions of cattle, horses and sheep  
range over the country, owned and con-  
trolled by those who have been shrewd  
enough to gain and control the water  
rights.

On Tuesday morning our car was  
switched off the Santa Fe at Barstow,  
Calif., and was run amongst the orange  
trees and flowers. We arrived at Los  
Angeles about noon, in a hard shower,  
and went at once to that popular hotel,  
the Natick House, in one of their fine  
business class buildings. The weather  
of the Northland to that of the  
balmy coast country was a pleasant one.  
We had a very pleasant trip all the way  
through. Our car was made up of peo-  
ple, mostly ladies, from Minnesota,  
North Dakota and South Dakota, and  
were a jolly, lively crowd.

In my next I will write about Los  
Angeles, Long Beach and other places,  
and people that I have visited. In a  
week or ten days I expect to visit San  
Francisco, Oakland, Berkeley, San Jose  
and around Bakersfield, where I spent  
two winters, and in about a month start  
on my return trip to South Dakota, vis-  
iting on the way at Albuquerque, N. M.,  
and in Audubon and Cass Co., Iowa.

Yours truly, JOSEPH ANDREWS.

# The Savory Sausage.

The sausage dates back to the year  
397. It has been asserted that the  
Greeks in the days of Homer, manufac-  
tured sausages, but this prehistoric mix-  
ture had nothing in common with our  
modern product.

The ancient so-called sausage was com-  
posed of the same materials which enter  
into the make-up of the boudin of the  
French market and the blood pudding of  
the French-Canadian. The ancient sau-  
sage was developed in the stomachs of  
the roasts.

Not until the tenth century did the  
sausage made of hashed pork become  
known. It was in or near the year 1500  
that, thanks to the introduction into  
Germany of cinnamon and anise, the  
sausages of Frankfurt and Strasburg ac-  
quired a universal reputation.

**Basket Ball.**  
In a whirlwind game from start to  
finish Hebron defeated the Bates Sopho-  
mores 57-24. The game was a specta-  
cular one in which fast passing and ac-  
curate long shots figured. The Hebron  
boys were greatly out-weighted but had  
it all over the college five. The shoot-  
ing was from the score it would seem that  
the game was one-sided, such was not  
the case, for the Bates men never let up  
in the forty minutes of play and were in  
fine condition, fighting against every  
point.

At the meeting of Oxford County  
Dairy Testing association, Tuesday, Feb.  
1st, at 10 a. m., at East Sumner Grange  
hall, T. E. Hyson and C. H. Richardson  
discussed their herd records. A. S.  
Cook, Assistant Dairy Instructor, in  
charge of field work seed improvement  
division, gave a talk on "Seed Improve-  
ment Work in Maine." Assistant Dairy  
Instructor Redman was present.

It is easily possible to tell the differ-  
ence between the fresh eggs and a cold  
storage egg without breaking the shell.  
Drop the eggs into a vessel of water con-  
taining ten per cent. salt solution, the  
fresh eggs immediately sink to the bot-  
tom and the refrigerator ones float on  
the surface.

**How to Wash Papier Mache.**  
All articles made of papier mache  
should be washed with clean water,  
without soap or alkali. Wipe the arti-  
cles carefully, cover with flour and  
place on newspapers to dry. Brush off  
the flour and the pieces will look like  
new.

# WORMS

Unsuspected worms are the  
cause of numerous little things  
that go wrong with children.  
When a child is sick you  
rarely think that its sickness is  
caused by worms, yet worms,  
either directly or indirectly, are the  
cause of three quarters of all the ills of childhood.  
Children, and often-times adults feel out of sorts,  
irritable, feel listless and unrefreshed in the morning, suffer with  
indigestion, have a variable appetite, foul tongue, offensive breath,  
hard and full belly, with occasional gripings and pains about the navel; eyes  
heavy, and dull; itching of the nose; short, dry cough; grinding of the teeth;  
slow fever; and often in children, convulsions—in the majority of cases the  
cause of all the trouble is worms though you may not suspect their presence.

## TRUE'S ELIXIR

A pure vegetable compound, has been the standard  
household remedy since 1881; it never fails to  
expel not only worms but all waste matter, leav-  
ing the blood rich and pure, the stomach sweet,  
the bowels regular and the whole system strong  
and healthy.

The mother who gives her children Dr. True's  
Elixir regularly is wise, because it not only in-  
creases the appetite, acts as a preventative of  
coughs, colds, fever and worms and gives rugged,  
robust health.

Sold by All Druggists. Price 25c, 50c and \$1.00.  
"Keeps you and your children well."

Postmaster Charles A. Lang has received notice from the Department at Washington that commencing Feb. 15, rural mail carriers will not be required to collect loose coins from rural mail boxes. Patrons should enclose coins in an envelope, wrap them securely in a piece of paper, or deposit them in a coin-holding receptacle, so they can be easily and quickly taken from boxes, and carriers will be required to lift such coin and where accompanied by mail for dispatch attach the requisite stamps. This announcement is made in view of the extent to which the practice of placing loose coin in boxes by rural patrons has grown, and the delay in the delivery and collection of mail and the hardships imposed on rural carriers incident thereto.

### OXFORD.

**Another Good Sermon.**  
Rev. Mr. Baldwin of Portland, preached another good sermon at the Congregational church on Sunday last. He preached from the 30th Chap. of John, 15th verse, and took as his text the words of Christ to his disciple Peter, saying: "Peter, son of Simon, lovest thou me more than these?" and Peter replying, said: "Yea, Lord, thou knowest that I love you."  
Thrice did Christ ask the same question, and thrice did Peter give an apparently evasive answer. Mr. Baldwin analyzed the question of Christ and sought to determine His motive in repeating it, and in his analysis brought out the true meaning of the word love. It comes from a Greek verb, and does not mean merely friendship in sense of good fellowship, but a close, enduring, unselfish, devoted attachment that will remain constant even through privations and rebuff. Mr. Baldwin applied the lesson to be learned from his text, in a skillful way, to the living of our daily lives.

Mr. Baldwin's sermon was a direct appeal to all to get away from bigotry, sectarianism and narrow mindedness, and take a broader and brighter view of life, thereby helping others to enjoy the good things in life. The feast of the Epiphany was the subject of the sermon, and the young man denies his mother to his college friend, saying, when asked who he was talking to, "It is only my wash-woman." The other young man, who was asked to give a medal of honor, said: "One moment, Mr. President. All I own or have in this world I owe to my mother. It is she who deserves the medal." And taking it from the President's hand, he went down the aisle and placed it upon the breast of the old mother. The mother who had worked and deprived herself of much to send her boy through college.

Mr. Baldwin preached at the evening service in the Chapel and will supply the pulpit again on Sunday, February 6th.

Mrs. Emma Holden visited in Lewiston, Saturday.

James L. Chase has leased the Hamlin stand to Mrs. Mattie Mitchell, who will run it as a summer hotel next season. Mrs. Mitchell is experienced as a summer hotel keeper and will run a first-class house.

### WEST PARIS.

**Y. P. C. U.**  
Sunday Jan. 30, a good audience was present at the Universalist church to enjoy the services conducted by the Young People's Christian Union. The program at the morning service was as follows:

Opening service.....  
Led by the pastor, Rev. I. S. Macdonald  
Responsive Reading.....  
Singing.....  
Scripture lesson.....  
Prayer.....  
Report of Junior Union.....  
Report of Senior Union.....  
Singing.....  
Address.....  
Benediction.....

The report of the Junior Y. P. C. U. read by the president Bertha Perley showed that the Union had accomplished an amount of work of which a larger union might be proud. Elinor Tuell, president of the Senior Y. P. C. U. gave an excellent report of that Union.

The Young People's Union have conducted the Sunday evening devotional meetings since its organization in Oct. 1908. The various branches of its work such as postoffice mission work. Social outlook and Christmas work have been attended by committees. A sum has been given for church expenses. Its mission and various other things. Its membership has steadily increased.

The address of the National Supt. of the Junior Y. P. C. U., Miss Florence French of Portland was strong and forcible bringing plainly to the thought of the audience that the Young People's Christian Union is one of the important factors of the church. The evening service was ably led by the vice-president Vernon B. Ellingwood. Miss French gave another pleasing talk. There was good singing. Beautiful flowers adorned the church. Thus closed one of the most impressive services which the Y. P. C. U. have ever held.

Dr. and Mrs. F. E. Wheeler and Mr. and Mrs. C. E. Chase, attended the reception given Rev. and Mrs. Chester

Gore Miller at South Paris, Monday evening.
